Lake Travis Community Library Card

Dear Parents and Guardians,

Thank you for signing up for a library card with the Lake Travis Community Library! Enclosed is your new card that you can use on either the bookmobile or in the main library. Your card gives you access to all of the library's resources, including our digital library on Libby. Visit our catalog to manage your library account with your card number and your ten-digit phone number password.

Your child will check out items on this card when they visit the bookmobile at preschool. Your child does not need to have the library card with them to check out items.

More information about the bookmobile preschool program is available online at:
laketravislibrary.org/preschools.

Please contact us if you have any questions regarding the library or the bookmobile stop at your child's preschool.

Welcome to the library! Thank you!
